The fact is that expenditure in excess of grant has been incurred & there is no meaning in treating the part as an advance. It has to be accted for as a final charge with the result that the total deficit will be increased. The comptr may be authorised to adjust the part as a final charge of the Museum with no grant to cover it. If the Museum Can find any part of the cost from its normal grant to that extent excess may be avoided.

Sir,

In continuation of my letter No.80 of the 30th ultimo anent freight &c. charges on an Aeroplane presented by the Government of India, I have the honor to state that the Comptroller, Mysore Government, has adjusted the Advance of Rs.2,000/- sanctioned in Government Order No.1833-4/C.B.88-20 dated 29th September 1921, against the Museum Contingencies and has asked me to obtain a reappropriation for the excess expenditure incurred and for any further expenditure during the current year. Out of a sum of Rs.640/- provided for under Museum Contingencies, a sum of Rs.500/- had already been spent when the adjustment was made. Owing to the limited scope of the Museum Budget, it is not possible to suggest any reappropriation. I request you therefore to be so good as to treat the Advance of Rs.2,000/- as a Special grant, and direct the release of the balance available under 'Contingencies' for incurring current expenditure during the remaining period of the year. As certain payments are due I request the favour of very early orders in the matter.
